

General H. Hugh Shelton Leadership Forum

N.C. State University

with the

General H. Hugh Shelton Initiative for Leadership Development

The Second Annual Shelton Leadership Forum was held at N.C. State University's McKimmon Conference and Training Center November 13-14, 2003. Assisting organizations to embrace change, General Shelton, Dr. Stephen Covey, Mr. William Friday, and Mr. Orage Quarles provided insight, wisdom and encouragement for how leaders in corporations, K-12 education, higher education and communities can lead their organizations during times of change. Other experts speaking on how change occurs within organizations were individuals from Harley-Davidson, Inc., U.S. Environmental Protection Agency, Langford International, FranklinCovey, Inc., Federal and State Government officials, Grassroots Leadership, Longwood University, N.C. State University, and many others. The Shelton Leadership Mission is to inspire, educate and develop values-based leaders committed to personal integrity, professional ethics and selfless service. Through generous donations and educational supporters, we were able to raise over \$60,000 in support of the 2nd Annual Shelton Leadership Forum at N.C. State University.
